

SEAGULL

MARITIME AGENCIES

YOUR FRIEND AT SEA

Seagull focuses on providing your business with the global connectivity and logistic solutions it needs. We are committed to being your partners who offer efficient and customized solutions by providing unparalleled services to you, so your business grows globally

OCEAN FREIGHT

Our team consists of highly specialized professionals, and we have the capability to provide a reliable and cost-effective FCL (Full Container Load), LCL (Less than Container Load), and Break Bulk Services with multiple carrier options. All containers tracked LIVE by us

AIR FREIGHT

We offer time-definite Air Freight services through a wide network of selected cargo partners and provide worldwide coverage to you. We realize the sensitivity of timely delivery of cargo and have people and processes that ensure no delay

RAIL & ROAD FREIGHT

Seagull offers rapid land-based door-to-door freight deliveries throughout the UK and Europe – including groupage, part-load, full-load, and express services. You'll get the benefit of our extensive experience in managing freight services through an established network of selected road, rail, and intermodal partners

CUSTOMS & DOCUMENTATION

Seagull offers fast and uninterrupted custom clearance services as a result of its integrated logistics solutions. Given the complex procedure of documentations, our in-house customs clearance agents are experts in local specifications, conditions, and regulations
